

PCUCA & Steam Way Schools

Presents

IICRC Carpet Cleaning Technician

Featuring Shawn Bisailon

The Carpet Cleaning Technician 2 day course teaches the fundamentals of carpet cleaning. Topics include fiber types and characteristics, fiber identification, carpet construction and styles, dyeing at the mill, soil characteristics and the chemistry of cleaning. This course will also introduce the technician to the 5 methods commonly used in carpet cleaning. The differences between the CCT and CMT courses are, basically, a focus on either general or residential versus commercial applications. Shawn will offer a FREE optional third day of this course where students will go on location to have hands-on experience. The third day is limited to the first 15 students MAX and students must attend the first two days to attend the third. This is a great opportunity to put your new skills to work and it is only offered with this course!

Shawn Bisailon - Shawn has been in the cleaning and restoration industry for over 17 years. He is a partner in the local Steam Way Super Store, travels Worldwide as an IICRC Approved Instructor, and owns a Successful Cleaning and Restoration Company in Denver, CO. He has been traveling throughout the world instructing thousands of professional cleaners, from Alaska to Australia. He has been involved in his own cleaning and restoration business and supply business for many years. Shawn has a passion and talent in training for the care of the finest textiles and fabrics. Shawn brings information to the classes and helps relate on a technician level better than any other instructor in the industry. He will share secrets on how to boost your profits, clean better, and make your job easier.
